Tel: 07891 193368

### **PERSONAL PROFILE**

A well organized, enthusiastic individual with a wealth of transferable experience gained in a nearly two decade long career in the Food & Beverage industry. Having worked in such fast-paced, demanding sector, I have developed an adaptable and resilient attitude, a drive to see things through in order to deliver the best possible customer service and a clear, logical mind with a practical approach to problem-solving, especially when working under pressure.

Driven by a deep-rooted passion for IT, I am a self-taught Front End Developer, aiming to eventually become a Full Stack Developer. Currently working as a freelancer whenever possible, I am hoping to reinvent myself and gain first-hand, commercial work experience in Web Development on a full-time basis. I firmly believe that nothing is learned in isolation, and being able to learn whilst working would help expand my knowledge and hopefully give a valuable contribution to my employers in whatever task may be assigned to me.

### **CURRENT SKILL SET**

- Good knowledge of the fundamentals and best practices of **HTML5**, **CSS3** (including **Scss**) and **JavaScript (ES5 & ES6)**
- An adequate understanding of responsive web design, media queries and the use of frameworks/libraries such as **jQuery** and **Bootstrap**
- Other subjects currently expanding my knowledge on include **Node.js** and Back End technologies such as **PHP**, **MySQL**, **PostgreSQL** and **MongoDB**

### **WORK EXPERIENCE**

- **May 2019 - July 2019: Freelance Front End Developer at [STUDIO44](#)**
  - Gained my first professional experience working on the [CHINTHURST](#) Preparatory School website.
  - Based on a predefined design, my main task in this project was the development of the HTML structure, CSS layout and jQuery functionality of both the homepage plus a template for all subsequent inner pages, whilst also developing responsive design through the usage of media queries.

## **EDUCATION**

- **1997 - 2002:** Diploma as Food & Beverage Technician with specialization in Food Science at "**Carmine Russo**" Catering Academy - Cicciano (Italy)

## **PERSONAL DETAILS**

- **Nationality:** Italian
- **Languages:** Italian (mother tongue), English and Spanish (fluent in both)
- **Extracurricular Interests:** Programming, Volleyball, Numismatics, Cooking
